## **WELCOME TO BALLET ACADEMY OF TEXAS**

*Celebrating its twenty-sixth year, the Ballet Academy of Texas' goal has been to provide quality, professional dance instruction for all ages. The primary focus is on classical ballet technique which provides a strong foundation for all other dance forms. Our goal for the recreational dancer is to gain self-confidence through the physical and mental accomplishments that come from positive dance instruction. The professional background of the directors and staff will provide the more serious student with the knowledge and training necessary to prepare for a career in dance, as well as additional performing opportunities with its resident ballet company, the Ballet Ensemble of Texas.*

*The Ballet Academy was awarded the Outstanding School Award for the Southwest area at the Youth America Grand Prix, an international ballet competition, for eight of the past fourteen years. In 2008 the Ballet Academy received the "Small Business of the Year" award from the Coppell Chamber of Commerce. The Academy is an 11,000-square foot facility consisting of four large studios, all with sprung Marley flooring, viewing areas into all the studios, and two large waiting areas. It is conveniently located in the center of Coppell near the corner of Sandy Lake and Denton Tap roads.*

## **STAFF**

### **THE DIRECTOR**

*TAMMIE REINSCH is a Texas native and has been dancing since the age of three. Her training was received at Lewisville Dance Academy where Lisa Slagle began teaching in Tammie's high school years. She is a classically trained dancer in all forms of dance and gravitated towards jazz, tap, modern and contemporary. Tammie was unable to pursue a professional career due to a knee injury but recognizes this was not the path chosen for her.*

*When she joined Ballet Academy of Texas in 1999, she worked closely with Lisa Slagle to shape the jazz, tap, modern and contemporary program to reflect what the students were learning in their ballet level. She sets a positive atmosphere for all her classes. You will frequently hear her say "Just keep swimming!" and "Smile and move your feet!" As the dancers mature, she loves to teach the skill of improvisation as it cultivates artistry. She feels that each student has something to learn and something to offer.*

*Tammie has been a resident choreographer for the Ballet Ensemble of Texas since its formation in 2001. Her choreography includes 'The Race', 'No Pressure', and 'Jumpin Jack' which was reviewed as "smart and snappy." Her work 'Anzzziety' was chosen to be performed at the Regional Dance America and her "Generation #' was performed across the metroplex and received the Outstanding Choreography Award from Youth America Grand Prix in 2018. 'Unity', which she created for BET's 2019 Celebration of Dance review read "Tammie is known for her exceptionally creative choreography. Ms. Reinsch showcases the dancers, unity as a group and everything it represents: overall camaraderie, respect, trust, and what it means to be an artist." Since 2003, The Dance Council of North Texas has awarded many scholarships to our Ballet Academy students based on her solo contemporary work. Her students have also received many awards and recognition with her choreography and coaching.*

*She is honored to have been part of the training of students who have decided to pursue dance professionally as well as those who will forever have dance as part of their lives. She cherishes the continued relationships with her students upon graduation from the school. It's truly a beautiful bonus gift to be a part of their lives.*

JENNY JOHNSTON, a native Texan, began dancing at age three and her passion for dance was born. She loved and took many forms of dance, but ballet was her focus. She was a founding member of Longview Ballet Theater at age 13 while her summer study included the School of American Ballet (the official training academy of New York City Ballet) and the school for American Ballet Theatre. Jenny received The Fine Arts Guild Scholarship at Texas Christian University where she obtained her Bachelor of Fine Arts in Ballet while dancing with The Fort Worth Ballet where she became a soloist. She moved to Dallas in 1982 and studied with Nancy Schaffenburg and danced with her company where she and Lisa Slagle met and danced together. She began her teaching career in 1984 and became the advanced ballet instructor at ARTS Magnet High School (now Booker T Washington High School of the Performing and Visual Arts) where she also choreographed several ballets. She met Thom Clower when he became the director of Ballet Dallas where she perfected her style of teaching and also choreographed. Jenny began working with Lisa Slagle at Ballet Academy of Texas in 1997, where she continues to teach intermediate through advanced students. Her style is technique-based but with a passion and love for ballet while being a strong advocate of taking many styles of dance to enrich and grow the artform. Jenny has been a resident choreographer for The Ballet Ensemble of Texas since its inception in 2001 and received the 2009 Regional Dance America National Commissioning Award in Choreography for her ballet *La Nuit Rose* which also placed at the Youth America Grand Prix competition. She has had many dancers place in the top 3, 12 and 24 at YAGP through the years where she has loved coaching and choreographing for her students. She has been a guest choreographer at BTWHSPVA and company teacher for Dallas Black Dance Theater. She passes on her style of grace, energy, and respect for ballet to her students whom she encourages and cheers on while she loves seeing their growth and confidence and considers it a gift to teach them. She is proud of each student as they go into the world after graduation and for those who have chosen to dance professionally, she is honored to be a part of their training as well as for those who have dance in their hearts and carry it out into life to share. Jenny is immensely grateful to teach with such a fabulous group and teaching ballet has been a blessing to her!

*Initiated to provide advanced dancers aspiring to a career in ballet an intensive training program in the tradition of the leading professional ballet company programs in the US. Ballet Technique is offered each day for two hours. Girls are given a one-hour pointe class with emphasis on mastering the classical vocabulary, strength, foot articulation, musicality, and artistry.*

*Much of the work is geared to those steps and combinations which are a staple in variations in addition to general work from the classical repertoire the students will encounter as they progress in their training and hopefully later on in the profession. The same is to be said for the technique classes. Personal attention is given to each students' level and the student is continually challenged to the highest degree of technical and artistic demands expected in the profession.*

*Once a week, the students have a modern/contemporary dance class to broaden their technical capabilities and strengthen their range of movement and artistic expression. The program has had an exceptional track record of professional success.*

*Students must have achieved Level 6 to be considered for placement in the Professional Prep Program. These classes are to be taken in addition to evening classes.*

*A ballet technique class must be taken before Men's and Pas de Deux classes.*

*Ballet Academy of Texas is known for its thriving program for male dancers. Through the years we have nurtured boys and men with their unique needs in the world of dance. Male dancers will take class alongside female dancers and advance through the levels while learning solid ballet technique. Once they advance to Level 3 they begin taking a class especially geared toward learning specific steps for the male dancer. Male conditioning and strength training is part of this process.*

*Pas de Deux class is also offered to learn the art of partnering. Ballet requires dedication and commitment, just like baseball or football. In addition, ballet is physically and mentally demanding—it helps develop balance, strength, and discipline. In addition to the tenacity and grit, you must appear effortless and be a selfless gentleman to your partner. It requires musicality, poise, and self-confidence to surpass the physical demands, conveying a compelling story to the audience with your technique.*

*Thom Clower is the director of the Men's Division and will help your male dancer reach their goals with many special opportunities through their dance training.*
